MISIF

16TH REPORT ON STATUS & OUTLOOK OF THE MALAYSIAN IRON AND STEEL INDUSTRY 2026/2027

ABOUT THE REPORT

MISIF has a long history of compiling and disseminating useful industry data and information. This report, the 16th in the series, continues to be the leading publication, eagerly anticipated by stakeholders, for valuable data and wealth of information on the iron & steel industry in Malaysia.

This report incorporates, among others, informative industry developments, including the major steel consuming countries in ASEAN, extensive profile, performance and challenges of the Malaysian iron and steel industry, statistical updates, industry best/next practices and the way forward.

TABLE OF CONTENTS (subject to change)

- Global Iron & Steel Industry Outlook
- South East Asian Iron and Steel Industry Outlook
- Malaysian Iron and Steel Industry Profile
- Malaysian Iron & Steel Industry Performance
- Issues & Challenges Confronting the Industry
- Charting the Way Forward

THE PUBLISHER

The Malaysian Iron & Steel Industry Federation (MISIF) is the national association representing the iron and steel industry in Malaysia. Since its establishment more than 40 years ago, MISIF has become larger and stronger and its profile has evolved to include member companies from all sectors of the industry, ranging from upstream iron and steelmaking industries, midstream semi-finished products to downstream fabrication and end-usage. MISIF currently has over 150 member companies. For latest news and update, please visit MISIF website at www.misif.org.my.
