Dear MISIF Members,

2026 MISIF/Nickel Institute/International Molybdenum Association Webinar On Stainless Steel In Food Safety, Halal Compliance And Hygiene Processing

We are pleased to announce that MISIF, the Nickel Institute (NI), and the International Molybdenum Association (IMOA) are jointly organising the first webinar of 2026 to promote the wider application of stainless steel across various sectors.

MISIF has been collaborating regularly with the Nickel Institute, based in Belgium, and the International Molybdenum Association (IMOA) to conduct workshops and training courses on stainless steel applications in various industries.

The webinar will be facilitated by **Mr. Gary Coates, P.Eng., Technical Manager at the Nickel Institute, Toronto, Canada**. Mr. Coates has 45 years of experience in the stainless steel and nickel alloys industry, including the past 21 years with the Nickel Institute. His areas of particular interest are corrosion and welding.
